INDEX

The Journal of Periodontology, Volume 41, 1970

JANUARY

3 The Effects of Excessive Occlusal Force on the Pulp
Merwyn A. Landay - Harold Nazimov - Samuel Seltzer

12 Allergic Periodontal Disease in Sensitized Monkeys
Richard R. Ranney - Helmut A. Zander

22 Simulated Natural Gingival Restorations for Teeth with Root Exposure after Periodontal Surgery
Dominick C. Larato

23 Laboratory and Clinical Studies Concerning the Development and Evaluation of a New Mechanical Toothbrush
R. S. Oshiro - G. K. Stookey - J. C. Muhler

30 Photoelastic Analysis of Internal Stresses in the Periodontium Created by Occlusal Forces *Irving Glickman*
Fred W. Roeber - Monique Brion - Jan H. N. Pameijer

36 A Study of Personality Traits and Acute Necrotizing Ulcerative Gingivitis *Allan J. Formicola*
E. Thompson Witte - Patrick M. Curran

39 Effectiveness of Periodontal Files *Sherry Wells Burke*
Edward Green

41 Reduced Plaque Formation by the Chloromethyl Analogue of Victamine C *Samuel Turesky*
Neville D. Gilmore - Irving Glickman

44 Report—Annual Meeting of the American Academy of Periodontology—1969 *Max B. Winslow*
Robert T. Ferris

55 Presidential Address *Frank T. Scott*

58 Current Titles in Periodontology *P. Junker Jacobsen*
Abstracts of Current Literature (Prepared by the Department of Periodontology, Tufts University School of Dental Medicine)—38, 65, 66, 67

FEBRUARY

70 Editor's Page

71 Factors from Saliva and Oral Bacteria, Chemotactic for Polymorphonuclear Leukocytes: Their Possible Role in Gingival Inflammation *Thomas R. Tempel*
Ralph Snyderman - Harold V. Jordan
Stephan E. Mergenhagen

81 The Role of Endotoxin in Periodontal Disease
II. Correlation of the Quantity of Endotoxin in Human Gingival Exudate with the Clinical Degree of Inflammation
Barry I. Simon - Henry M. Goldman
Morris P. Ruben - Edgar Baker

87 Hydrolytic Enzymes in Developing Gingival Plaque
R. Baboolal - R. N. Powell - A. S. Prophet

93 Quantitative Analysis of Sodium, Potassium and Calcium in Gingival Fluid from Gingiva in Varying Degrees of Inflammation *Ralph S. Kaslick - Abram I. Chasens*
Irwin D. Mandel - David Weinstein - Richard Waldman
Thomas Pluhar - Richard Lazzara

98 A Relationship Between Human Oral Bacteria and the Menstrual Cycle *R. E. S. Prout - Rosamund M. Hopps*

102 Histochemistry of the Periodontal Ligament. V. The Aryl Sulfatases *William A. Gibson - Harold M. Fullmer*

105 Clinical Evaluation of Free Gingival Grafts in Periodontal Surgery *Charles E. Hawley - Harry Staffileno*

113 Reconstructive Periodontal Surgery: Case Report
Jay S. Seibert

119 Orthodontic Considerations In Periodontal Therapy
Anthony A. Gianelly

126 Instruments Used for Periodontal Incisions
Howard Buckwald

MARCH

131 A Clinical Study on the Effects of Osteoplasty
O. Walter Donnenfeld - Philip M. Hoag
Donald P. Weissman

142 Comparison of Gingival Resection with Electrosurgery and Periodontal Knives—A Biometric and Histologic Study
Irving Glickman - Lawrence R. Imber

149 Immunologic Studies of Periodontal Disease. V. IgG Type Antibodies and Skin Test Responses to Actinomyces and Mixed Oral Flora *Russell J. Nisengard*
Ernst H. Beutner

153 In Vitro Bone Growth Inhibition in the Presence of Histamine and Endotoxins *Louis A. Norton*
William R. Proffit - Ronald R. Moore

158 Possible Penetration of Crevicular Tissue from Oral Hygiene Procedures: I. Use of Oral Irrigating Devices
Timothy J. O'Leary - William G. Shafer
Henry M. Swenson - Don C. Nesler - Paul R. Van Dorn

163 Possible Penetration of Crevicular Tissue from Oral Hygiene Procedures: II. Use of the Toothbrush
Timothy J. O'Leary - William G. Shafer
Henry M. Swenson - Don C. Nesler

165 Cartilage in the Periodontal Ligament Space
Frank G. Everett - Robert J. Bruckner

170 Arteriosclerosis in Periodontal Vessels of Ageing Humans
Daniel Grant - Sol Bernick

174 Effect of a Strontium-Containing Diet on Periodontal Tissues of Rat Molars *O. Gravina*
R. L. Cabrini - F. A. Carranza, Jr.

178 Early Years of the American Board of Periodontology and the Advisory Board for Dental Specialties
Harold J. Leonard

183 Periodontal Prognosis: Educational and Psychological Implications *Issam Awwa - R. E. Stallard*

186 Obituary—Olin Kirkland

187 Officers and Committees of the American Academy of Periodontology

190 Letter to the Editor
Abstracts of Current Literature (Prepared by the Department of Periodontology, Tufts University School of Dental Medicine)—164, 169, 177, 185, 189

APRIL

195 Introduction to Conference *Steven E. Berglund*

196 Immunoglobulins and Periodontal Disease
Robert J. Genco

XUM

202 Complement as a Mediator of Inflammation: Formation of Biologically-Active Products after Interaction of Serum Complement with Endotoxins and Antigen-Antibody Complexes *Stephan E. Mergenhagen*

205 The Role of Delayed Hypersensitivity in Immunological Processes and Its Relationship to Aphthous Stomatitis *Joost J. Oppenheim - Thomas C. Francis*

210 Histologic and Immunologic Evaluation of Antigen Penetration into Oral Tissues after Topical Application *Anthony A. Rizzo*

213 Evidence for the Presence of Circulating Antibodies to an Oral Spirochete in the Sera of Clinic Patients *Arthur I. Steinberg*

215 Evidence for the Presence of Immunoglobulins and Antibodies in Inflamed Periodontal Tissues *David Platt Richard G. Crosby - Milton H. Dalbow*

223 Relation of Immediate Hypersensitivity to Periodontitis in Animals and Man *Russell J. Nisengard Ernst H. Beutner*

228 Mediation of Inflammation by the Polymorphonuclear Leukocyte as a Sequela of Immune Reactions *Norton S. Taichman*

232 General Discussion
Information for Contributors—240

MAY

243 The Periodontal Ligament in the Roentgenogram *L. W. J. van der Linden - J. van Aken*

249 Gingival and Lateral Periodontal Cysts *Bernard S. Moskow - Kenneth Siegel Edward V. Zegarelli - Austin H. Kutscher Fred Rothenberg*

261 Intraoral Lichen Planus Simplex: An Ultrastructure Study *J. B. Whitten, Jr.*

268 A Variation of the "A" Splint *Matthew Kessler*

272 Amalgam Splints: A Case Report *Elena L. Liatukas*

274 The Induction of New Bone and Cementum Formation. II. Utilizing a Collagen Extract of Ox Bone *William H. Hiatt - Clive C. Solomons - E. D. Butler*

279 Permeability of Human and Rat Dental Calculus *A. Baumhammers - E. A. Rohrbaugh*

283 In Our Opinion *Bernard S. Moskow - Paul N. Baer Stanley P. Hazen - Samuel S. Turesky*

287 Book Review: Essentials of Periodontology and Periodontics *Torquil MacPhee - Geoffrey Cowley Critique by William B. Gillette*

290 The Development of an Improved $ZrSiO_4$ Prophylactic Paste *Joseph C. Muhler - George K. Stookey*

294 Mucogingival Techniques in Periodontal Surgery *F. A. Carranza, Jr. - J. J. Carraro*
Abstracts of Current Literature (Prepared by the Department of Periodontology, Tufts University School of Dental Medicine)—301

JUNE

302 A Concept of Allergy with Reference to Oral Disease *Harmon C. Bickley*

313 Fine Structure Features of Monkey (Macaca Mulatta) Reduced Enamel Epithelium *D. Vincent Provenza Rodger F. Sisca*

320 Attachment of Cells Cultured in Vitro to Enamel *A. Mlinek - R. N. Powell*

325 Isolation of Viable Epithelial Cells from Human Gingiva *Mirdza E. Neiders - L. Weiss*

333 Oral Clinical Functionality of Enzyme AP Used as a Mouthwash *K. J. Shaver - T. Schiff*

337 Isozymes of Lactic Dehydrogenase in Human Gingiva *James P. Voigt - Wallace V. Mann, Jr.*

341 Anti-inflammatory Effect of Lysozyme Paste on Experimental Gingivitis Induced by Various Chemical Mediators in Guinea Pig *T. Morioka - M. Nishimura T. Matsumura*

349 Systemic Conditions in the Management of Periodontal Patients *W. James Brasher - Terry D. Rees*

353 Tooth Drift and Changes in the Temporomandibular Joint Following Tooth Extraction in the Monkey *Jaim Pietrokovski*

359 Current titles in periodontology *P. Junker Jacobsen*

JULY

370 Editor's Page *Maynard K. Hine*

372 Speaking For the Academy *Perry A. Ratcliff*
Speaking For The Journal *Henry M. Goldman and Timothy J. O'Leary*

373 Epithelial-Mesenchymal Interactions Related to Periodontal Disease *Harold C. Slavkin*

382 Periodontal Pulsation *Karl-Heinz Körber*

391 Endodontic Emergency Treatment Following Root Amputation in Periodontally Involved Teeth *Franklin S. Weine - Philip M. Hoag - Harry J. Healey*

394 Model Presentation and Reinforcement — An Effective Method for Teaching Oral Hygiene Skills *Hussein A. Zaki - Carl L. Bandt*

398 Bristles in Hand Manipulated Toothbrushes *John B. Puckett*

401 Clinical Evaluation of Pulsar, a New Pulsating Water Pressure Cleansing Device *Phillip A. Lainson John J. Bergquist - Claud M. Fraleigh*

406 The Replaced Graft *Bennett Klavan*

412 The Height of the Facial Radicular Alveolar Crest Following Apically Positioned Flap Operations *Richard Tavtigian*

419 In Our Opinion *Claude L. Nabers - John F. Prichard R. Earl Robinson - Robert G. Schallhorn*

424 Annual Meeting Program
Abstracts of Current Literature (Prepared by the Department of Periodontology, Tufts University School of Dental Medicine)—397, 426, 427
Obituary—Seymour Pollock—397

AUGUST

430 The Effect of Fluoride and Dietary Protein Levels on Calculus Formation, Alveolar Bone Loss, Selected Salivary Constituents and Fluoride Deposition in the Bones and Teeth *I. Zipkin - P. N. Baer - G. R. Hawkins S. M. Zucas - N. Mantel*

438 The Effect of Lack of Function of Teeth on Gingival Health, Plaque and Calculus Accumulation *A. G. Alexander*

442 Sodium, Potassium and Calcium in Gingival Fluid: A Study of the Relationship of the Ions to One Another, to Circadian Rhythms, Gingival Bleeding, Purulence, and to Conservative Periodontal Therapy *Ralph S. Kaslick Abram I. Chasens - Irwin D. Mandel - David Weinstein Richard Waldman - Thomas Pluhar - Richard Lazzara*

XUM

449 Enzyme Activity in Periodontal Disease *R. A. Winer*
L. J. O'Donnell - H. H. Chauncey - T. F. McNamara

457 The Utilization of Periosteal Suturing in Periodontal Surgical Procedures *Gerald M. Kramer*
Myron Nevins - J. David Kohn

463 The Long Term Effect of an Antimicrobial Formulation on Dental Calculus Formation *A. R. Volpe*
S. M. Schulman - H. M. Goldman
W. J. King - L. J. Kupczak

468 Effect of Water Pressure Irrigation on Stainable Material on the Teeth *Daniel H. Fine - A. Baumhammers*

473 Periodontal Bone Defects in the Juvenile Skull
Dominick C. Larato

476 The Maxillary Sinus as a Problem in the Therapy of Periodontosis *Paul N. Baer - Frank G. Everett*

479 Environmental Control: Innovations in the Use of the Laterally Displaced Flap *Leonard M. Nevins*

483 Histometric Studies on the Periodontium of Albino Rats Drinking Fluoridated Water *Orestes Louridis*
Eut. Bazopoulou-Kyrkanides - Nikitas Demetriou

SEPTEMBER

488 Recipients of the William J. Gies Foundation Award—1970

489 Microdensitometric Analysis of Human Autogenous Alveolar Bone Implants *Ichiro Matsue - C. Kenneth Collings*
Eugene R. Zimmerman - Walter C. Vail

496 Intrabony Defects in the Dry Human Skull
Dominick C. Larato

499 Furcation Involvements: Incidence and Distribution
Dominick C. Larato

502 Advantages of Periodontal Surgery with Local Anesthetic Agents—Report of 100 Cases *John F. Prichard*

507 Periodontal Surgery Under General Anesthesia in a Hospital *Arnold A. Ariaudo*

513 The Relationship of Glucose Tolerance to Periodontal Status *Marvin A. Tuckman - Ralph S. Kaslick*
William B. Shapiro - Abram I. Chasens

520 Glucose Tolerance and the State of Periodontal Health
Gary M. Stein - I. Shannon

523 Controlled Clinical Comparison Between a Strontium Chloride and a Sodium Monofluorophosphate Toothpaste in Diminishing Root Hypersensitivity
William B. Shapiro - Ralph S. Kaslick
Abram I. Chasens - David Weinstein

526 Histopathologic Changes in the Oral Tissues of Leukemic and Nonleukemic Mice *Viola Flanagan*
Lee R. Brown- Genevieve D. Roth - Donald R. Hoover
Ann H. Nielsen - Alvar A. Werder

532 Comparative Enzymatic Histochemical Investigations of Gingival Papillae in Early Parodontosis (Periodontosis) and Parodontitis (Periodontitis) Traumatica
Evdokia Stambolieva - Tanya Bourkova

536 In Our Opinion *Irving Glickman - Perry A. Ratcliff*
Marvin M. Sugarman - Helmut A. Zander
Abstracts of Current Literature (Prepared by the Department of Periodontology, Tufts University School of Dental Medicine)—506, 512, 519, 525, 531, 535, 541

OCTOBER

544 Foreword *Frank G. Everett*

545 Publications by Balint Orban *Frank G. Everett*
Anthony Gargiulo

551 Histogenesis of Repair Following Osseous Surgery
Malbern N. Wilderman - Billy M. Pennel
Kenneth King - John M. Barron

566 Iliac Transplants in Periodontal Therapy
Robert G. Schallhorn - William H. Hiatt - William Boyce

581 Free Gingival Grafts in Humans *Robert C. Brackett*
Anthony W. Gargiulo

587 Epithelial and Connective Tissue Changes in Periodontitis
Patrick D. Toto - Anthony W. Gargiulo

591 Amino Acid Composition of Periodontal Tissues
Mario S. Rodriguez - M. N. Wilderman

596 The Induction of New Bone and Cementum Formation III. Utilizing Bone and Marrow Allografts in Dogs
William H. Hiatt

NOVEMBER

603 Microbial Potential in the Etiology of Periodontal Disease
Arthur N. Bahn

611 Endogenous Enzyme Activities of the Periodontium
William A. Gibson

617 Immunologic Aspects of Periodontal Disease
Peter Baram - Lee Arnold

620 Clinical Significance of the Inflammatory Process
R. E. Stallard - J. E. Orban - K. A. Hove

625 Oral Hygiene Agents and Procedures
Timothy J. O'Leary

630 Patient Motivation in Periodontics
John C. Derbyshire

636 Which Penicillin? *Robert B. Shira*

639 Influence of Vitamin A on the Distribution of Succinic Dehydrogenase in Oral Epithelium of the White Rat
J.-C. Franquin - L. J. Baume - W. F. Körner

644 A Microbiological and Biochemical Study of Gingival Crevice Debris Obtained from Guatemalan Mayan Indians.
R. E. Morhart - L. J. Mata
A. J. Sinskey - R. S. Harris

650 Microscopic and Microrespirometer Evaluation of the Efficacy of the PMA Index *E. Weisinger*
J. H. Manhold - J. L. Doyle- K. Rustogi

654 The Evaluation of an Anesthetic Mouthrinse on Four Hundred Periodontal Surgery Patients
James R. Batten - C. K. Collings
Abstracts of Current Literature (Prepared by the Department of Periodontology, Tufts University School of Dental Medicine)—624, 629, 638, 643, 653, 658, 659, 660

DECEMBER

662 Editor's Page

663 Thyrocalcitonin Stimulated Bone Formation by Local Application to Rat Calvaria in Vivo
Z. Mantzavinos - M. A. Listgarten

667 A Special Population Available for Periodontal Research Part I. The Periodontal Findings of Incarcerated Women
Stewart Shapiro - Burton R. Pollack - Dorothy Gallant

671 A Study of Intra-Examiner Variations in Scoring Oral Hygiene Status, Gingival Inflammation and Epithelial Attachment Level *Lowell W. Smith - John D. Suomi*
John C. Greene - Joseph P. Barbano

XUM

675 Healing Under Full and Partial Thickness Mucogingival Flaps in the Miniature Swine *Surindar N. Bhaskar - Duane E. Cutright - Joe D. Beasley - Bienvenido Perez - Ervin E. Hunsuck*

683 The Use of Autogenous Hip Marrow in the Treatment of Juvenile Periodontosis: A Case Report *Thomas J. De Marco - Lawrence J. Scaletta*

685 Visualization of Microvascularization of the Healing Periodontal Wound V. Periosteum Retention Technique of Mucogingival Surgery *Arthur B. Novaes - Simao Kon - M. P. Ruben - H. M. Goldman*

696 Feline Oral Pigmentation *Clifton O. Dummett - Gaida Barens*

702 The Effect of a Strontium Chloride Toothpaste on Root Hypersensitivity in a Controlled Clinical Study *William B. Shapiro - Ralph S. Kaslick - Abram I. Chasens*

704 The Periodontist in the Hospital Dental Program: An Analysis of a Questionnaire *Sol J. Ewen - Edward Steinberg*

709 Diabetes Mellitus and Periodontal Disease: Two-Year Longitudinal Observations Part I *D. Walter Cohen - Lawrence A. Friedman - Jeffrey Shapiro - G. Clayton Kyle - Sidney Franklin*

713 Diabetes and the Periodontal Patient *Kent A. Hove - Richard E. Stallard*

719 Index of Volume 41

NOW!

GRACEY CURETTES AVAILABLE IN DOUBLE END DESIGN

Gracey Curettes — the choice of dentists from coast to coast — are now double end designed for greater facility and working ease. The points are expertly crafted of Corona Steel, the shafts are lighter in weight for sensitive touch and perfect control. Gracey Curettes available in the following numbers: 1/2, 3/4, 5/6, 7/8, 9/10, 11/12, 13/14. Write today for free Curette brochure.

3118 N. Rockwell St., Chicago 18, Illinois
